

**Prince George – Norwich Meadows Farm CSA
Other Products Order Form 2010**

Due to weather uncertainties for the upcoming season there will be 18 weeks of other products through this season. The other product will begin the 3rd or 4th week of the season depending on weather. **You must sign up for an individual or family share in order to add on other products. We will only accept orders for all additional products until June 1st.** Due to previously low numbers in milk, yogurt and cheese, they are no longer options. There will be a fruit share and egg share. They are offered either as full-season (18 weeks) or bi-weekly (9 weeks). **This means that if you wish to get fruit and eggs, you must commit to picking it up either every week or every other week.**
