

Prince George - Norwich Meadows Farm CSA
Other Products Order Form 2014

The other products will begin the 3rd or 4th week of the season depending on weather. You must sign up for a vegetable share in order to add on other products. The deadline for additional products is May 15th, 2014. Most other products will be offered as either a full-season (20 weeks) or bi-weekly (10 weeks). (Eggs will be delivered for 11 or 22 weeks). This means you must commit to picking up your products along with your regular CSA items every week or every other week. Maple Syrup can be ordered as an individual item. All products except for the fruit are organic; in general, the meat will arrive frozen. Please be advised that some of the other products are sourced from local farms by Norwich Meadows, and if any items are missing, they will be procured as soon as possible.

Please use the second page of this form to total your Market Products' costs.

Write-in your total here:

Total:

Please enclose the total amount due. **Make all checks payable to "Common Ground Community II".**
